

Add video or text to your phone calls to improve communication

messenger.com

whatsapp.com

skype.com

Speech problem?

- Video allows the other person to read your lips and see your body language.
- Text allows you to put any misunderstood words into print.

Hearing problem?

- Video allows you to read the lips and see the body language of the person you're talking to.
- Text allows you to read any misunderstood words.

Use a free mobile app or computer program

- Facebook Messenger, WhatsApp, and Skype are free.
- Requires WiFi connection or stay within your data plan.
- Use on a smartphone, mobile device, or computer.
- Use a combination of text, voice, or video.
